Attachment to Notice of Non-compliant Amendment under 37 CFR 1.121

4. C. and E. cont. Applicant's amendment to the claims filed on 5/20/08 does not comply with 37 CFR 1.121(c) for the following reasons: the text of the claims upon which applicant bases their amendments in claims 15-20 and 22 does not match that of the previously entered amendment filed on 8/22/07. Further, the text for claims 21 and 23 also does not match that of the previously entered amendment of 8/22/07. In addition, as claim 21 was amended and claim 23 was added by the 8/22/07 amendment, the claim identifiers for these claims are incorrect. Please note that the instant amendment to the claims filed on 5/20/08 has not been entered.

The previous office action indicated that claims 15-23 had been entered and then withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03. The action then stated that the previous response of 8/22/07 was considered non-responsive as following entry of the amendment, there were no claims under examination. Since the claim amendment of 8/22/07 was entered, the instant amendment to the claims should have based on the claims as they appeared in the claim listing of the 8/22/07 amendment.
